

The Best-Rite® Difference

Not All Markerboards Are Created Equal:
The Surface is the Difference

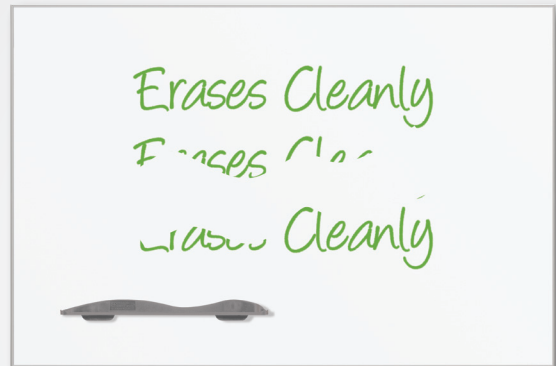

Heavy Use: Porcelain Steel

For executive offices and conference rooms

- Magnetic surface doubles as a bulletin board.
- 50 year guarantee - Will not dent, scratch, stain, or ghost.
- Engineered for superior color contrast and reduced light distortion to relieve eye strain.
- Designer frames in assorted sizes and finishes for any environment.
- Made in the USA. TAA compliant. GREENGUARD Indoor Air Quality Certified® and GREENGUARD Children & Schools Certified™.

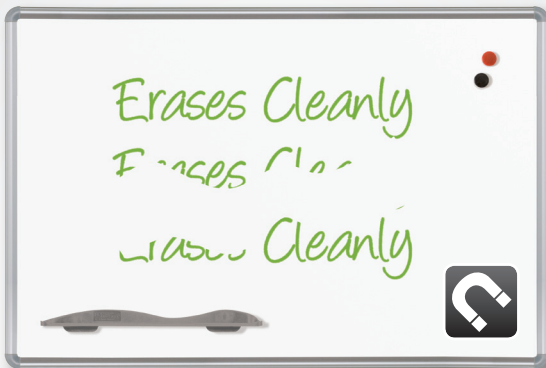

Frequent Use: Dura-Rite®

For meeting rooms, personal workspaces/offices and common areas

- Wear-resistant and dust-free surface at an affordable pricepoint.
- 20 year guarantee.
- HPL surface provides smooth writability and easy erasability.
- Designer frames in assorted sizes and finishes for any environment.
- Made in the USA. TAA compliant.

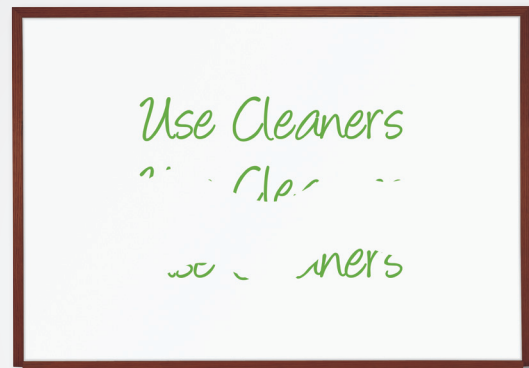

Moderate Use: Magne-Rite

For training rooms, personal workspaces/offices and common areas

- Magnetic surface doubles as a bulletin board.
- 10 year guarantee.
- PVC-coated steel is smooth with exceptionally clean erasability.
- Designer frames in assorted sizes and finishes for any environment.

Light Use: TuF-Rite™

For breakrooms, factory floors, or low traffic areas

- Durable thermal fused technology provides longer-lasting performance than standard melamine boards.
- Use of a cleaner recommended for optimum performance.
- 5 year guarantee.
- Available in aluminum or wood trims.

MooreCo Markerboard Surface Testing

MooreCo tests all dry erase surfaces to be sure that the board you purchase has the appropriate surface for the job at hand. Whether light use for home, or for daily industrial use, we have the surface you need.

The Taber test is the same process used to test flooring materials for wear, to show an accelerated facsimile of real life usage. An abrasive wheel is applied to the markerboard surface and after a certain number of cycles, the condition of the surface is reviewed. After abrasion, the surface is written on with Best Rite® Rite-On™ marker, left to dry, then erased using our magnetic eraser cloth. If the marker doesn't erase cleanly, that is a failure.
